

TechnoBiz Training Program

Advanced Polymers & Fibers

12 December 2018, Century Park Hotel, Bangkok

In Plastic and Fiber industries, different types of polymers and fibers are used and processed to make useful products. During product development, different characterization and molding processes are used. Due to stringent requirements, several technological developments are taking place all over the world. This program covers on advanced polymers & fibers and their properties and applications such as Thermo-responsive polymers, biopolymers, TPEs, Natural Fibers, Synthetic Fibers etc. This program is mainly suitable for R&D and technical service team members in polymer and fibers manufacturers.

Program Content

- Introduction to Polymers and their Properties
- Applications and Development of Advanced Polymers
- Introduction to Fibers and their Properties
- Applications and Development of Advanced Fibers

Speaker: Dr. Navin Chand

Dr Navin Chand is a well-experienced researcher in the area of Polymers and Fibers with 35+ years research experience. He worked as a Chief Scientist at Advanced Materials and Processes Research Institute (AMPRI), Council of Scientific & Industrial Research, India, a premier scientific organization and spent 30 years in R& D activities. He started his R& D career at National Chemical Laboratory, Pune in 1980 as a Scientist. His areas of specialization include polymer and fiber science and technology, polymer nano-composites, nano-fibers and waste utilization. He has published more than 200 papers and contributed chapters in number of books. He did his Ph.D from Indian Institute of Technology, Delhi in 1980. After retirement at AMPRI, he has been offering his services as a Group Advisor R&D & Projects, SGI, Bhopal and Consulting Researcher in number of organizations. He is a Fellow of Indian Plastics Institute (IPI).

Time Schedule: 9am to 5pm

Language: ENGLISH

Registration Fee:

- Thailand Participants: 15,000 Baht/Person
- Overseas Participants : 650 US\$ / Person

Remarks

- VAT 7% applies on above fees
- The registration fee includes seminar documentation, lunch and refreshments.
- Early-Bird Registration: 10% discount on registration fee for registrations received before 31 October 2018
- Group Registration: If 3 or more persons from the same organization register before 15 Nov 2018, 10% discount on the total registration fee.

How to register?

- Please download registration form at www.plastics-industry.org and send filled registration form to training@technobiz-asia.com.
